COUNCIL TAX REDUCTION - STUDENTS

Council Tax bills are issued based on the assumption that there are two or more adults (persons aged 18 or over) living in a property. If only one adult lives in a property as their main home, then the Council Tax bill is reduced by 25%.

Other discounts are applicable, because certain people are not counted (i.e. disregarded) when looking at the number of adults resident in a dwelling. For example, if there are two adults resident in a dwelling and one of them satisfies the conditions required for a discount, then the bill is calculated as if only one adult lives there.

A discount may be applicable if a member of your household aged 18 years or over, is a student (or overseas student). To apply, please complete the enclosed form and return it to the Billing & Collection section.

To support your application **a student certificate must be provided** to confirm the status of the student.

This can be obtained from the Student Records Department at the university/college or course tutor. The offer of a place on a course/training scheme is not sufficient, nor is a student loan letter. The student certificate must show the following information:

The full name and address of the establishment attended
The student's full name and date of birth
Certification that the student is following a course of education
The exact start date and end date of the course
Confirmation of the total number of study hours required per week

If you do not supply a student certificate, your application will be delayed.

If you are entitled to a discount a revised Council Tax bill will be issued. In the meantime, you must continue to pay your current instalments until you are sent a revised bill.

Please complete this form in **black ink** and in **BLOCK CAPITALS**
