Dear Mrs.Roberts,

OTTRINGHAM GRANGE.

Following our meeting on Tuesday of this week when you requested access across our bridge over the dyke adjacent to the Ottringham Main Drain which would join Path 9 to Path 2.

We are willing to let you have freedom of access but have no intention of dedicating this bridge as a public right of way because as you will appreciate this bridge was built and paid for by J.R.Williams & Sons.

Kindest regards,

Yours sincerely, //

Tudor Williams,
J.R.Williams & Sons.

Tudor
