Give your reasoned case as to how the evidence submitted with this application proves on the balance of probabilities that a Definitive Map Modification Order should be made to amend the Definitive Map and Statement.

Since the walk has been blocked off so many people have come forward in this small community to say that they have used the walk for many years as did their parents before them. A public meeting held in Ellerker Village Hall was packed out with people - a high percentage of the population - showing the strength of feeling. The number of statements of evidence submitted, again for a small community is indicative of the strength of feeling.
