Give your reasoned case as to how the evidence submitted with this application proves on the balance of probabilities that a Definitive Map Modification Order should be made to amend the Definitive Map and Statement.

PE104/53 Swine 1840 shows road to Beverley at Fairholme Double Bridge. Bridleway should be restricted byway.

This document was made for the surveyor of highways and this way is shown the same as other ways which today are carriage ways. The parish boundary of Swine appears to have moved and now goes to Fairholme House Bridge, which is where I've shown the route running to.
