## Health & Safety

### Take & Make

- Parents/carers are responsible for their children when undertaking all arts & crafts activities in the home, supervision is recommended at all times.
- Our Arts & Crafts products are for a range of ages, however we recommend that children must not be left alone or unsupervised with any of the arts & crafts products sold, as some items are small and could be a choking hazard.
- Where plastic bags are sold, we recommend that you remove products out of the bag and remove the bag to keep out of reach of children.
- Please have fun when using craft activities, but remember it may be messy, so protect clothes, etc.
